December 1, 2018

Dear _____,

The Society for Mucosal Immunology (SMI) extends this official letter of invitation to you to attend the International Congress of Mucosal Immunology (ICMI 2019) in Brisbane, Australia, on July 17-20, 2019.

ICMI is the only international meeting that focuses exclusively on the interface between the immune system and the environment at mucosal surfaces. It is the perfect occasion for cross-fertilization between basic scientists, clinical researchers and industry professionals working on pathways of immunity and inflammation at mucosal surfaces. This invitation is extended solely to qualified investigators interested in attending the meeting. It should in no way be construed as a commitment or intent on the part of SMI to provide financial support or assistance.

Should you have any questions or concerns you may contact us by email, phone or fax.

Stay tuned for additional information (including the final program) by visiting the SMI website at **socmucimm.org**. I also encourage you to register as quickly as possible – early-bird registration closes on May 14, 2019!

Lori L. Conaway
SMI Executive Director
